

General:

- **1000 Foot depth rated**
- A536 Aluminum Alloy
- Weight 500-600 LBS depending on config
- Approved agency certification

Life support:

- 2 Redundant oxygen systems, total capacity 50 hours
- 50 hour Carbon Dioxide scrubber
 - Back up battery with automatic change over on power failure
 - Lung powered scrubber back-up

Propulsion:

- 4 x 1.6 HP thrusters (expandable to 8)
- Direct drive, magnetically coupled thrusters
 - Quiet operation
 - Responsive (quick windup)

Telemetry/Control System:

- Distributed control system (Omron PLC) allows for uninterrupted operation in case of telemetry failure
- Gigabit Ethernet over Fiber optic
 - Network attached High definition camera
 - Network attached Imagenex 852 SONAR
 - Easy integration of IP and POE devices (Power Over Ethernet)
- Remote (topside) control of: thrusters, thruster trim, lights and tooling
 - Lightens pilot workload
- AMS (Atmospheric Monitoring System)
 - Real time monitoring topside of cabin pressure and Oxygen %
 - Lightens pilot workload
 - Enhances safety

Communication:

- Full duplex intercom – over copper

- 6 intercom stations (pilot +5)
- Highly reliable
- No subsea power required
- Excellent voice quality (low noise)
- Aux In and Out jacks (topside)
- IP intercom out
 - Allows audio to be recorded synchronously with project video
- Acoustic thru water communications
 - Backup in case of hardwire communications failure
 - Compatible with communications hardware use commonly by manned submersibles

Umbilical:

- 1250 feet long nominal
- OD 0.980" nominal
- Minimum bend radius 27"
- Breaking strength 7200lbs
- Neutrally buoyant

Power Requirement:

- 208-240 3 phase, 50 A, 50-60 HZ

Emergency Equipment:

- Umbilical jettison capability
- Thruster jettison capability
- Emergency battery
 - Powers thru water comms, O2 analyzer and carbon dioxide scrubber

Ancillary Equipment:

- HD camera, H.264 (Blu-Ray Codec) camera
- SONAR
 - Imagenex miniature 852 scanning sonar
- Newtsun LED lights
 - 2 x 150 W LED lights
 - 9,600 lumens (each)
- For comparison - a 250W quartz lamp produces 3,500 lumens
 - 4500 deg K (cool white)
